

Parks Upgrade 2-A- Fitness Equipment

Committee: Parks & Recreation

Project Title: Parks Upgrade 2- A- Fitness Equipment

Cost: \$60,000

Location: Los Paseos Park, at Via Vista & Avenida Grande.

Short Description: This project adds various innovative pieces of Exercise equipment to the Los Paseos Park, designed to look like products you might find in a professional health club.

Long Description: This project adds various innovative pieces of Exercise equipment to the Los Paseos Park, designed to look like products you might find in a professional health club. This includes a Cardio Walker, an Elliptical Treadmill, and four other pieces for a total of 6 new exercise amenities at our Los Paseos Park..

Cardio Walker is an ideal solution for anyone seeking a low-impact aerobic workout in the park. It provides an effective workout for Adults of all fitness levels

Elliptical Treadmill helps increase aerobic capacity, provides a low impact form of exercise and offers a full-body workout utilizing advanced magnetics for resistance.
